Updated travel procedures for citizens and residents of Abu Dhabi arriving from abroad

Effective Monday, 5 July 2021

For those vaccinated and arriving from:

Green list destinations

A PCR test on arrival without the need to quarantine, as well as another PCR test on day 6

other destinations – A PCR test on arrival, a 7-day quarantine period and another PCR test on day 6

For those not vaccinated and arriving from:

Green list destinations

A PCR test on arrival without the need to quarantine, as well as two other PCR tests on days 6 and 12

other destinations – A PCR test on arrival, a 12-day quarantine period and another PCR test on day 11

The protocol applies to vaccinated UAE citizens and residents who received their second vaccine dose at least 28 days earlier which is documented in the vaccine report on Alhosn app
